EDUCATION:

B.Tech (Information Technology)

2020-2024

Dr. Ram Manohar Lohia Avadh University Ayodhya Uttar Pradesh

Intermediate (Science)

2016-2018

Kamta Prasad Inter College Hamirpur Uttar Pradesh

TECHNICAL SKILLS:

Fundamental - C, C++, Operating System, DBMS, Computer Networks, Data Structures.

Web Development - HTML, CSS, JavaScript, TypeScript, MongoDB, Express, ReactJs, Redux, NodeJs, NestJs.

Additional Tool - Git & GitHub, npm, Docker, Figma, VS Code.

PROJECTS:

E-Commerce Full Fledged Website

[live link !\[\]\(5a351309c3b87e4420622c1f0e57efc0_img.jpg\)](#)

It is an E-Commerce website for buying Vegetables. Here the customers can find fresh vegetables and also can order the vegetables at the market price.

Blog Rest API (NestJs)

It handles DB and server. Routes are Organized manner. Here all we can create, delete and some basic operation of the Blog management.

Movie Ticket Booking Website (React)

[live link !\[\]\(206536f97fdb267876a3a10ea42b0254_img.jpg\)](#)

In this Project I have made a website for movie ticket booking based on ReactJS. Here the customer can book his ticket using simple user-Interface.

Weather Condition (React)

[live link !\[\]\(c1b924320d9ec7587a1dd427119524d0_img.jpg\)](#)

It shows the Weather Condition of Current Time. Here I create this with a very simple user-interface so that users can use it very easily.

Typing-Bubble-Game (JavaScript)

[live link !\[\]\(dcadc17c064c775919616fcc152162e9_img.jpg\)](#)

Creative and Engaging game, this game focuses on improving typing speed and accuracy through interactive gameplay.

Simple and Interactive Clock (JavaScript + CSS)

[live link !\[\]\(8891837fe1b5b26680f2ee7b0ea5318e_img.jpg\)](#)

It is an Analog Clock which shows time, any developer can use this on his website by using the CDN link and can modify it.

CODING PROFILE:

LeetCode  - I have solved more than 130 problems in C++ (Data Structures & Algorithms).

HackerRank  - Got five stars in C++ with gold level.

CERTIFICATES:

Bootcamp On Server Authentication Using Express and NodeJS

Here I have learned a lot about Back-end development with NodeJS.

JavaScript Assessment Certificate by HackerRank

I have solved Js problems and qualified the Assessment Test on the HackerRank platform.

Certified Course on Computer Concepts by NIELIT

In this Certification I learned Computer Basics like internet, WWW, Operating System, office uses software like (MS office- Word, PowerPoint, Excel) etc.
