Vipin Kumar Kushwaha

MERN Stack Developer

vipinkushwaha2526@gmail.com | +919140067270 | Noida UP India

Portfolio | Linkedin | GitHub

Education:

B.Tech (Information Technology)	2020-2024
Dr. Ram Manohar Lohia Avadh University Ayodhya Uttar Pradesh	
Intermediate (Science)	2016-2018
Kamta Prasad Inter College Hamirpur Uttar Pradesh	

Technical Skills:

Fundamental - C, C++, Operating System, DBMS, Computer Networks, Data Structures.
Web Development - HTML, CSS, JavaScript, TypeScript, MongoDB, Express, ReactJs, Redux, NodeJs, NextJs.
Additional Tool - Git & GitHub, npm, Docker, Figma, VS Code.

Projects:

Portfolio Website (React) **Code | Live-link**

I developed a personal portfolio website using React.js, showcasing my skills with Framer Motion, and GSAP for smooth animations, deployed via GitHub Pages for seamless accessibility.

Online Compiler (React) **Code | Live-link**

Constructed an online compiler utilizing React.js and Redux Toolkit, coupled with Axios for backend interactions, and deployed it via GitHub Pages, fostering a user-friendly coding environment with Bootstrap integration for enhanced UI/UX.

Movie Ticket Booking Website (React) **Code | Live link**

In this Project I have made a website for movie ticket booking based on ReactJS. Here the customer can book his ticket using simple user-Interface.

Typing-Bubble-Game (JavaScript) **Code | Live link**

Creative and Engaging game, this game focuses on improving typing speed and accuracy through interactive gameplay.

Blog Rest API (NestJs) **Code**

It handles DB and server. Routes are Organized manner. Here we can perform CRUD operation of the Blog management.

Coding Profile:

LeetCode - I have solved more than 135 problems in C++ (Data Structures & Algorithms).
HackerRank - Got five stars in C++ with gold level.

Certificates:

Bootcamp On Server Authentication Using Express and NodeJS
- Here I have learned a lot about Back-end development with NodeJS.

JavaScript Assessment Certificate by HackerRank
- I have solved Js problems and qualified the Assessment Test on the HackerRank platform.

Certified Course on Computer Concepts by NIELIT
- In this Certification I learned Computer Basics like internet, WWW, Operating System, office uses software like (MS office- Word, PowerPoint, Excel) etc.

Additional Activities:

- Participated in the Tally CodeBrewers 2023 organized by Tally Solutions.
- Involvement in University cultural events 2020 and 2021.

Language:

English	Hindi
Full Professional Proficiency	Full Professional Proficiency

Interests:

Sudoku,   OnlineGames
